

Consensus Guidelines for HLH

The Histiocyte Society published "HLH/MAS Consensus Management Efforts, Expert Help Diagnosing and Managing HLH", which curates the most recent consensus-based guidance manuscripts, organized by the HS and/or affiliated organizations and authored by HS experts, to assist with the diagnosis and management of HLH across many different contexts.

Instructions:

- 1 Bring this document to your providers.
- 2 Open phone camera and point it at the QR code
- 3 Review the various articles and publications together
