# International Rare Histiocytic Disorder Registry (IRHDR)

The Division of Haematology and Oncology at the Hospital for Sick Children is conducting a research study. This research study is being done to build up a registry of patients with rare histiocytic disorders in order to learn more about these disorders and what types of treatments are being used.

The histiocytic disorders included in this registry are the Juvenile xanthogranuloma family, Erdheim-Chester disease, Multifocal Reticulohistiocytosis, Rosai-Dorfman disease and the Malignant Histiocytoses. This study does not involve any additional tests and it will not impact your/your child's current treatment.

If you/your child would like to participate or have any questions, please email: [irhdr.registry@sickkids.ca](mailto:irhdr.registry@sickkids.ca).

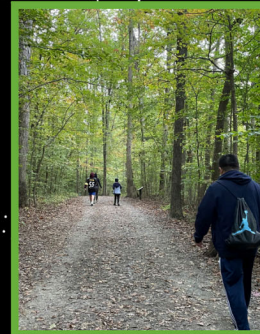

Dr. Oussama Abia  
Primary Investigator

## IRHDR Intro Letter

## Events

Here are some highlights from this year's Ty-Fighters!

So far, the Ty-Fighter teams have raised over \$4000!

Fundraising is still open, please donate to protect this galaxy from histio!

## Donate

## Two New Blog Posts!

Our Executive Director, Deanna Fournier, has written two new blog posts this month. Both on the 38th Annual Meeting of the Histiocyte Society

The first post explains the purpose behind the Annual Meeting and talks about a meeting with international family groups and how we're working together and furthering our partnerships going forward.

In the second post, we talk with Dr. Kim Nichols, the new president of the Histiocyte Society. She talks about the most crucial findings from the 38th Annual Meeting of the Histiocyte Society, and her hopes for the future as the Society's new president.

### The 38th Annual Histiocyte Society Meeting: Building Bridges for a Cure

## Beyond the Diagnosis

### New Episode Available!

The latest episode of the Beyond the Diagnosis Podcast is now available! In this episode Kathy talks with Kim Nichols, the new president of the Histiocyte Society. They talk about her history, and recap some of the great findings presented at this year's 38th Annual Meeting of the Histiocyte Society.

Check it out at <https://histio.org/beyond-the-diagnosis-podcast/> or wherever you listen to podcasts!

Check out the show notes for each episode, where you'll find additional resources, links, and information to expand upon the episode's conversation - and, subscribe to be the first to know when a new episode becomes available. You can say you heard it first!

## We are hiring!

The Association is actively seeking a full-time Events Coordinator to assist in supporting, planning, creation, and execution of volunteer and internally organized fundraising and awareness events, as well as supporting various campaigns and appeals throughout the year.

Experience with project management, special events, knowledge of the Histiocytosis Association's work, and a commitment and passion for histiocytosis are preferred! This is an entry to mid-level hybrid position with opportunity for growth. Direct experience is always a plus, however willingness to learn and passion for helping the histio community is equally as important!

Learn more and apply by clicking the link below!
